**Agent of the Month
Rocci Harris-Lueck**

This month Rocci has been an exemplary agent within our brokerage. With the roll out of our new brokerage platform, kvCORE, Rocci has shown dedication and excitement to learn and grow her business by attending all trainings thus far. Not only is she a regular meeting participant, she has also imported and created her contracts, and has been working on completing the Agent Success Plan. Rocci's commitment and tenacity in taking on this new program is the kind of attitude we love to see in our agents. Rocci continuously makes calculated steps to grow her business and we are happy to have her at Greater Midwest Realty.
